Objectives of the Entrepreneurship Development Committee:

1. Promote Entrepreneurship Awareness:

- o Raise awareness of entrepreneurship as a viable career option.
- o Encourage innovative thinking and risk-taking.

2. Provide Training and Education:

- o Offer programs, workshops, and seminars to develop entrepreneurial skills.
- o Equip potential entrepreneurs with the necessary tools, knowledge, and confidence.

3. Support Startup Ecosystem:

- o Create a nurturing environment for startups to grow and thrive.
- o Provide resources such as mentorship, funding opportunities, and networking.

4. Foster Collaboration and Networking:

- o Build a network of entrepreneurs, investors, and professionals to collaborate.

- Facilitate interaction between entrepreneurs and other stakeholders like government bodies, educational institutions, and industry players.

Roles of the Entrepreneurship Development Committee:

1. Advisor:

- Acts as an advisor to potential entrepreneurs and startups.
- Provides guidance on business plans, strategies, and sustainability.

2. Mentor:

- 8 Offers mentorship to budding entrepreneurs, helping them navigate early-stage challenges.
- Provides industry insights, leadership advice, and business development tips.

3. Facilitator:

- 8 Facilitates access to external resources such as funding bodies, incubators, accelerators, and industry experts.
- Acts as a bridge between entrepreneurs and potential partners or investors.

4. Coordinator:

- 8 Coordinates various activities such as workshops, training, and networking events.
- Organizes meetings, seminars, and competitions to engage stakeholders.

5. Networker:

- Develops a strong entrepreneurial network by collaborating with other stakeholders in the ecosystem, such as educational institutions, businesses, and government entities.
- Encourages entrepreneurs to leverage their networks for business growth.

Responsibilities of the Entrepreneurship Development Committee:

1. Designing Entrepreneurship Programs:

- Create and implement educational programs to develop entrepreneurial skills among students, faculty, or local community members.
- Organize boot camps, workshops, and masterclasses focused on business ideation, management, and scaling.

2.Business Incubation and Acceleration:

- Support the establishment of business incubators or
- accelerators within the institution or community.
Help startups in the incubation phase with resources like office space, mentorship, and funding opportunities.

3.Assessing Feasibility and Viability:

- 8 Assist entrepreneurs in evaluating the feasibility and potential success of their business ideas.
Provide expert feedback on market research, product development, and business models.

4.Identifying Funding Opportunities:

- 8 Help entrepreneurs find financial support through grants, venture capital, angel investors, or government schemes.
Organize pitching events to connect entrepreneurs with potential investors.

5.Encouraging Social Impact:

- Promote the concept of social entrepreneurship, where entrepreneurs focus on solving societal problems while making a profit.
- Support projects that create positive economic, social, or environmental impact.
